These deep, sexy and flirty relationship questions are great conversation starters, to reveal more about your partner.

At Kazrus, we believe healthy relationships take hard work, communication, love, and mutual respect. An important aspect of good communication is asking open-ended questions and actively listening.

Active listening includes giving your full undivided attention, having open and relaxed body language, validating your feelings, and avoiding passing judgements and interrupting.

If your partner appears uncomfortable about a question, try not to probe, just respect their privacy. After all, this can be a fun learning experience for both, not meant to judge.

Why not make this a great at-home date night activity with your partner? So get comfortable.
